NON-EXCLUSIVE LICENSE AGREEMENT

The OPC Foundation, a non-profit corporation (the "OPC Foundation"), has established a set of specifications intended to foster greater interoperability between automation/control applications, field systems/devices, and business/office applications in the process control industry.

The OPC specifications define standard interfaces, objects, methods, and properties for servers of real-time information like distributed process systems, programmable logic controllers, smart field devices and analyzers. The OPC Foundation distributes specifications, prototype software examples and related documentation (collectively, the "OPC Materials") to its members in order to facilitate the development of OPC compliant applications.

The OPC Foundation will grant to you (the "User"), whether an individual or legal entity, a license to use, and provide User with a copy of, the current version of the OPC Materials so long as User abides by the terms contained in this Non-Exclusive License Agreement ("Agreement"). If User does not agree to the terms and conditions contained in this Agreement, the OPC Materials may not be used, and all copies (in all formats) of such materials in User's possession must either be destroyed or returned to the OPC Foundation. By using the OPC Materials, User (including any employees and agents of User) agrees to be bound by the terms of this Agreement.

All OPC Materials, unless explicitly designated otherwise, are only available to currently registered members of the OPC Foundation (an "Active Member"). If the User is not an employee or agent of an Active Member then the User is prohibited from using the OPC Materials and all copies (in all formats) of such materials in User's possession must either be destroyed or returned to the OPC Foundation.

LICENSE GRANT:

Subject to the terms and conditions of this Agreement, the OPC Foundation hereby grants to User a non-exclusive, royalty-free, limited license to use, copy, display and distribute the OPC Materials in order to make, use, sell or otherwise distribute any products and/or product literature that are compliant with the standards included in the OPC Materials. User may not distribute OPC Materials outside of the Active Member organization to which User belongs unless the OPC Foundation has explicitly designated the OPC Material for public use.

All copies of the OPC Materials made and/or distributed by User must include all copyright and other proprietary rights notices included on or in the copy of such materials provided to User by the OPC Foundation.

The OPC Foundation shall retain all right, title and interest (including, without limitation, the copyrights) in the OPC Materials, subject to the limited license granted to User under this Agreement.

The following additional restrictions apply to all OPC Materials that are software source code, libraries or executables:

1) User is requested to acknowledge the use of the OPC Materials and provide a link to the OPC Foundation home page www.opcfoundation.org from the About box of the User's or Active Member's application(s).

2) User may include the source code, modified source code, built binaries or modified built binaries within User's own applications for either personal or commercial use. However, the source code, modified source code, built binaries or modified built binaries cannot be sold as is, either individually or together.

In other words, User may use OPC Foundation software to enhance the User's applications and to ensure compliance with the various OPC specifications. User is prohibited from gaining commercially from the OPC software itself.
